The provisional government thus proctained was, by the terms of the peoclamation, "nextist until terms of union with the United States have too feeble to defend their, and the provisional covernment was table to successfully maintain States indicated and agreed upon." The United States indicated and agreed upon. The United States indicated in the processor of the United States already after the residue of the processor across and because the already after the residue of the processor across and the processor of the United States already after the processor across the existing the processor across the processor of the United States already after the processor across the processor of the United States already after the processor of the United States and the United States and the processor of the United States and the

That it was not in such possession of the government property and agendes as entitled it is recognition is conclusively proved by a not found in the files of the legation at Hamotuli subtracted by the dollared head of the power should government to Minister Stereia, dated January II. 1600. In which he acknowledges with expressions of appreciation the minister's recognition of the provisional government and states that I is not pet in the possession of the station house the place where a large number of the queen's troops were quarterned; though the same has been demanded of the queen's recognition to our minister placed the government of the queen's nevertheless this wrong's recognition by our minister placed the government of the queen it a position of most perform perfectly. She knew that she could not withstand the power of the United States, but she believed that she might safely grust to its justice.

Accordingly some mura after the recognition

might bately reast to its justice.

Accordingly some hours after the recognit of the provisional government by the Unit States unlaster the rolates, the lateracks at the police station, with all the military sources of the country, were delivered up the glacen upon the representation made to inside the cause would be realist for cause would be realist that are cause would be realist for a within protesting that a surrendered to the superior force of United States, whose minister had cam United States, whose minister had cam United States, those minister had cam United States, those minister had cam united states troops to be landed at flouch and declared that he would support the previoual government, and that she yielded her thiority to prevent collision of armed forces almost differ and only until such thus as United States, upon the facia being present to it, should undo the action of its representive and remarks her in the authority electured as the constitutional sovereign of Harvatin relands.

The provisional government, with this an

As I approhend the situation, we are brought face to face with the following conditions:

The lawful government of Hawaii was overthrown without the drawing of a sworl or the firing of a short by a process every are polywhich it may safely be asserted is directly traceable to and dependent for its access upon the seway of the United Stapes arting through its diplomatic and may a representative. But for the neutrons profilections of the United States minister for unnexation, the commistee of annexation, would never have existed. But inflore the labiding of the United States minister for unnexation, the committee of annexation, would never have existed. But inflore the labiding of the United States firzes upon the false preferate respecting the danger to life and property, the committee would never have exposed themselves to the palas and penalties of treasen by undertaking the subviriation of the queen's government. But for the presence of the United States forces in the insuculate visitity and in position to afford all needed projection and amport the committee would not have procedimed the prevention of the provisional government form the stoy of the government building.

Finally, but for the lawless occupation of Honoidly under takes professar by the United States forces and but for Minister Stevens recognition of the privisional government when the United States forces were its sole and only support and occasitated its our military attention, the
